

THE WILLOWS STATE SCHOOL

Excellence is the Standard

7 October, 2025

Dear Parents/Carers,

The Willows State School has chosen to partner with Life Education, a specialist health education provider. The Life Education Mobile Learning Centre will be visiting our school for Prep and Year 2 from the 31st of October to the 5th of November. They engage with all our students over the year in some exciting and memorable learning experiences, which is aligned with the Australian Health and Physical Education Curriculum.

Personal safety

Safety Rules!

Looking after yourself and seeking help.

In this module students investigate how to protect themselves in unsafe environments and seek help. They also learn about the people and services that keep us safe and how to identify and respond in emergency situations.

- Recognising safe and unsafe environments
- Safe and unsafe behaviours online and offline
- How to care for others
- Places and people we can go to for help

Life Education is a health promotion charity and the largest non-government provider of health and drug education to children. They work in partnership with schools to enhance and reinforce children's learning about nutrition, the benefits of physical activity, staying safe online, the health impacts of smoking and alcohol and strategies to cope with peer and social pressures.

Life Education is about prevention through education – providing your child with important knowledge, skills, confidence and self-esteem to help them live a healthy, safe life. The mobile classrooms make the program accessible, exciting and memorable. They use up-to-date technology and teaching methods, and engage the students through interactive games and activities. Healthy Harold the giraffe, their much loved mascot, helps to deliver their message to primary school children.
