

THE WILLOWS STATE SCHOOL

Excellence is the Standard

7 October, 2025

Dear Parents/Carers,

The Willows State School has chosen to partner with Life Education, a specialist health education provider. The Life Education Mobile Learning Centre will be visiting our school for Prep and Year 2 from the 31st of October to the 5th of November. They engage with all our students over the year in some exciting and memorable learning experiences, which is aligned with the Australian Health and Physical Education Curriculum.

**NEW in 2025**

**Harold's Online World**
Practising digital safety and wellbeing.

In our brand-new 2025 program, Healthy Harold helps students recognise the importance of being safe both online and offline. They will also learn to identify trusted adults who can support them.

- Recognise the importance of being safe online and offline
- Identifies safe and unsafe situations online and trusted adults who can help
- Identifies that different technologies are used for different purposes and enhance our lives

Life Education is a health promotion charity and the largest non-government provider of health and drug education to children. They work in partnership with schools to enhance and reinforce children's learning about nutrition, the benefits of physical activity, staying safe online, the health impacts of smoking and alcohol and strategies to cope with peer and social pressures.

Life Education is about prevention through education – providing your child with important knowledge, skills, confidence and self-esteem to help them live a healthy, safe life. The mobile classrooms make the program accessible, exciting and memorable. They use up-to-date technology and teaching methods, and engage the students through interactive games and activities. Healthy Harold the giraffe, their much loved mascot, helps to deliver their message to primary school children.
