

Recently some of our year 6's finally were able to experience the thrills of their camp at Kinchant Dam. After a long and tiring bus journey we finally arrived all ready to enjoy the activities. We settled into our cosy tents and set up our home away from home for the next few days and nights.

The activities that we enjoyed during our action packed days included – The Giant Swing, Raft Building, Archery, High Ropes and Bouldering. During the afternoon we had some fun building catapults, playing beach volleyball, low ropes and team challenge games. At night DJ Schimke kept us entertained with a disco and games as well as a relaxing movie.

Our focus on camp was teamwork, participation, respect and co-operation. We all had a great time overcoming our fears, achieving our goals and encouraging and supporting our friends.
