

Year 4 Newsletter Item

This term the Year 4 students will be participating in a Design Technology unit titled 'Repurpose it!' The students are given the task of repurposing an item into something useful. The item will be a plastic bag. Students are required to design a kite utilising the plastic bag. Already we have had some fantastic designs drawn by our students. They are also required to make the kite and test it's 'flightability'. Watch this space for some out-of-this-world kite action!
