

Positive Behaviour for Learning News

Our amazing students at The Willows State School have been working hard on their learning all year and are coming up to a busy end of 2018. Being Safe, Respectful and Responsible at all times is our focus, which enables learning for all, across our multiple curriculum areas.

The Willows is an excellent school with high expectations for students. We thank you for your positive talk and reminders from home about following the Willows Way. This is supporting your child to have a successful end of the year.

In the coming weeks there are **75 Star Rewards** for students and **Term 4 No Major** rewards. These celebrations are part of the school's Responsible Behaviour Plan for Students and support our tiered system for acknowledging appropriate behaviour. Listed below are some activities that have been designed by your teachers for our students to participate in.
