

Year 2 Students learn2swim!

The year 2 students have completed 3 weeks of swimming and loved every minute of it! It's awesome to see that our students have become more confident in the water. Each student received a certificate, which show their newly learn skills.

6/12/18 I love Love2School because it's fun, it's good and I enjoy doing it. I enjoy swimming because it helps me learn how to swim and get better at swimming. Swimming helps me feel safe and confident. Because I am now a confident swimmer. I won't drown now. I love swimming! By Adrienne
