

# Look what we are learning in Term 3 ~ Grade 2!

## English Unit 4 and 5 – ‘Exploring Procedural and Informative Texts’

We are learning to:

- Create, rehearse and present a multimodal procedure
- Create an informative text with a supporting image.

## Maths – Unit 2

We are learning to:

- count, model and represent numbers to and from 1 000 and represent multiplication and division by grouping into sets
- divide collections and shapes into halves, quarter and eighths
- use simple strategies to reason and solve number inquiry questions
- measure, compare and order several objects using uniform informal units.
- use a calendar to identify dates and the months included in seasons.

## Science ‘Good to Grow’ – Investigating living things

We are learning to describe and represent the changes to a living thing in its life stages and compare the life stages of two different living things.

## Geography ‘How are people and places connected?’

We are learning to investigate how people are connected to places near and far and how connections can be improved.

## Design and Technologies ‘Grow, grow, grow!’

We are learning to describe needs, technologies and designed solutions for a farm and sequence steps to prepare a healthy food.

## Health ‘Stay Safe’

We are learning to describe changes as we grow older, identify emotional responses impact on others’ feelings, select and apply strategies to keep ourselves safe and ask for help with tasks or problems.

## Visual Arts ‘Up, down and all around’

We are learning to explore sense of place through imaginative experimentation with a range of materials and processes.

## Physical Education ‘What’s your target?’

We are learning to demonstrate fundamental movement skills (instep pass, punt kick and one hand strike) and test alternatives to solve movement challenges.

## Music ‘Save the world’

We are learning to compose, perform and respond to music using the stimulus of saving the environment.
