TOWNSVILLE CULTURAL FEST

Celebrating 25 Years

Townsville Cultural Fest invites you to help celebrate 25 years of Unity In Diversity at James Cook University, **Friday 16th - Sunday 18th August, 2019.**

From its humble beginnings as a half-day event, the festival has grown into an internationally renowned celebration of performance, art, food and culture.

Born from a need for the Townsville community to have an opportunity to witness diversity in a peaceful, joyful display of unity, TCF as we have come to know it today is an annual celebration of the diversity of the music, dance, food, art and culture Australians enjoy as a multicultural society; bringing tens of thousands of people together each year and giving minority groups a chance to showcase their culture alongside the mainstream.

With headline acts **Xavier Rudd**, **Baker Boy**, **Bobby Alu** and **L-Fresh The Lion** performing alongside hundreds of local, national and international names, free family activities and an amazing array of street food vendors from PNG, El Salvador, India, Italy and more, there is so much value packed into a \$15 daily pass.

The festival's new location at the James Cook University campus in Douglas allows for ample free on-site parking in a relaxed, Australian bush setting.

Organisers have ensured maximum bang for minimum buck this year, with many surprises awaiting the community when they enter the festival gates.

What you can expect, though, is non-stop entertainment, a hassle-free environment, and plenty of sights, sounds, tastes and smells to delight all of your senses. You can even get hands on with a free workshop or two!
