

# **Year 1- Term 1**

## **English “Exploring how a story works”**

We are learning to comprehend and respond to imaginative texts (picture books).

Students will be listening to stories and writing about the following:

- Purpose of imaginative texts
- Comprehending stories
- Making connections to personal experiences

Some books we will be reading: Rainbow Fish, Big Rain Coming

## **Maths**

We are learning to:

- Measure length using formal units
- Investigate data representations
- Represent and solve addition problems
- Classify outcomes (chance)
- Understand teen numbers

## **Science “Living Adventure”**

We are learning to describe changes in our local environment and how different places meet the needs of living things. We will be responding to questions, making predictions and sharing our observations with others.

## **HASS (Humanities and Social Sciences) “My Changing Life”**

To identify, describe and sequence personal and family events and describe continuities and changes in aspects of daily life over time.

## **Digital Technology “Computers Handy Helpers”**

We are learning to explain the purposes of familiar digital systems. We will create and follow a series of steps to program a floor robot.

## **Health “A Little Independence”**

We are learning to describe changes that occur as we grow older and recognise how strengths and achievements contribute to identities.

## **Arts-Media “Family Portraits”**

To explore how families are depicted in media artworks and create alternative representations of family through portraiture.

## **HPE- Movement “Playing with Balls”**

We are learning to send, control and receive balls in a variety of movement situations and test alternatives to solve movement challenges.

## **Music “Let’s Sing and Play Together”**

We are learning to compose, perform and respond to music using elements of music and discuss where and why people make music.
