

Positive Behaviour for Learning

At The Willows, our whole school community always demonstrate Safe, Respectful and Responsible behaviour. As we welcomed back our youngest learners to our school, it was wonderful to see how they settled back into school with the support of their families and teachers.

Please find here ***The Willows State School - Safe and Back to School*** Social Story, written to support our students returning to school over the coming weeks. Click on the book to view the story.

PBL Fortnightly Focus

We are Bucket Fillers

We support our students in learning ways to interact positively in a variety of situations. This fortnight we have been discussing what it means to 'fill each other's buckets' – through a smile, a kind word or helping each other. Everyone feeling valued and supported greatly improves student morale and learning.

Our students, both learning at home and at school, have created posters and made signs about Bucket Filling. Students have also been role-playing and having discussions about what they can do to fill people's buckets, how they can help others and how they feel when they are Bucket Fillers.

HOW have you filled someone's bucket this week?

emptied the dishwasher

teaching my sister some alphabet songs. Doing chores for my mum and dad

Give Dad a hug

Gave everyone a hug

helped my brother get the ball over the fence

helped out

Dropped of a present on my friend's drive for his birthday

Helped my brother

chat to my family from the UK

Walking the dog

paid for my sister's skirt

helped mum and dad with the dishes

Doing my work and doing my chores
