

# Positive Behaviour for Learning

**Reminder** - Treats from celebrations such as Halloween and Christmas are not to be brought to school, due to allergies. As this is a safety concern, they will be confiscated if at school.

At The Willows, we pride ourselves on always demonstrating Safe, Respectful and Responsible behaviour. These high expectations of behaviour are explicitly taught through class lessons, at Year Level Parades, with reminders during playtime and in all areas of the school. Thank you to everyone in our school community for supporting our learners to be Safe, Respectful and Responsible.

## I keep calm and control my emotions

It has been a pleasure to see our students back at school, eager and ready for a fantastic term. Our Fortnightly focus has been 'I keep calm and control my emotions'. There has been excellent discussion in classes around how to recognise our emotions and learning different ways to control our actions and words when we feel certain emotions.

techniques

## Crazy Hat Day

Waldo, Olive and Willow had great fun on Crazy Hat Day and were proud to be part of the excellent effort in fundraising for the Student Council. Our donation will be presented to our charity 'Ronald McDonald House' and we know will be put to good use. Thank you everyone for your participation.

## Community Connections - Cowboys Visit

Matt Bowen from the Cowboys recently visited The Willows and had a great time reading a book and passing the ball with students from Year 1. He also spoke with them about what he loved about school and how important education is. He spent time with students in Year 5 discussing what they think being a leader is and answered some excellent questions. We appreciate Matt spending time with our students and look forward to seeing him again soon.

## End of Term 3 Rewards

Last Term we had many successful celebrations, with students across the school enjoying time with their teachers and friends to acknowledge their hard work and good behaviour. Congratulations to all those students who attended. The children below are enjoying their reward time.
