

# THE WILLOWS STATE SCHOOL

*Excellence is the Standard*

8 February 2021

Dear Parents/Carers,

Welcome to 'The Willows State School'.

We believe that communication is very important and we encourage our parents to be positively involved with their child's learning at home and at school. We start the year with our Parent Meet and Greet.

We invite you to come to the school and check in with your classroom teachers between 3.15pm and 4.15pm on **Monday the 15<sup>th</sup> of February**. At this time, we will present our school's explicit improvement agenda and general classroom routines. Questions at this time are welcome and encouraged.

Please note that these sessions are for general information and conversation. If you wish to have further conversation with your teacher about your child's particular needs please organise another time with them.

Just a reminder that we must continue to follow COVID guidelines including:

- Social distancing
- 8 adults in a room at a time
- Sign COVID19 register on arrival to the classroom
- Hand sanitising on entry

We look forward to seeing you.

Kind regards

Helen McCullough  
Principal
