

THREE WAY CONVERSATIONS

SAVE THE DATE

We will be inviting you and your child to meet with your class teacher in a 'Three Way Conversation' week 9 of this school term on the 8th and 9th of September to discuss your child's academic progress and next learning steps.

At these meetings we encourage our students to be 'Active Learners' and participate in these conversations to strengthen their ownership of learning.

At The Willows State School we use the 5 Question Model to guide our teaching and learning. Students are regularly asked these so that we can monitor the learning in the classroom. Teachers reflect on these questions regularly to inform their next teaching steps. We ask that parents also reflect on these questions to enable them to best support their students.

All "Three Way Conversations" will be held in classrooms and letters will be sent home in the next few weeks giving you information regarding bookings.
