

Positive Behaviour for Learning

At The Willows, we pride ourselves on always demonstrating Safe, Respectful and Responsible behaviour. These high expectations of behaviour are explicitly taught through class lessons, at Year Level Parades, with reminders during playtime and in all areas of the school. Thank you to everyone in our school community for supporting our learners to be Safe, Respectful and Responsible.

Back together, taking pride in our school

It has been a pleasure to see our students back at school, eager and ready for a fantastic term. Our Fortnightly focus has been 'Back together, taking pride in our school'. There has been excellent discussion in classes around taking pride and the ways we do this each and every day. Students are being acknowledged for their respectful behaviour and striving to make themselves proud.

Year 5 learning

This week in Year 5 we discussed the PBL focus, "Back together, showing pride in our school."

We started by talking about how we show pride in our school and what it means to be proud. Students then completed a "Proud of Me Ice Cream" which included information about what we are proud of individually, why it is important, and how we can achieve our next goal. The photo shows some examples of our ice creams.

End of Term 3 Rewards

Towards the end of last term we had many successful celebrations, with students across the school enjoying time with their teachers and friends to acknowledge their hard work and excellent behaviour. Congratulations to all those students who attended. Always a lot of fun at reward times.
