

Positive Behaviour for Learning News

We had an amazing week last week celebrating Naidoc Week at The Willows.

NAIDOC Week

Last week's classes used the Yarning Circle connect to 2022 theme, **Get Up! Stand Up! Show Up!**

The students from 5 AND and 1 TRO celebrated NAIDOC Week together by meeting at the school's Yarning Circle. The Year 1 students learnt the protocols and how we use this space respectfully from the Year 5 students. They came together positively to connect and share stories in a circle of trust.

NAIDOC Artwork competition – Remember that our art competition is still going, student's need to design a piece of artwork that connects to the theme and represents getting up, standing up, and showing up.

The winner's artwork will be painted on the next panel on the wall of the Knowledge Centre, near the Yarning Circle. Students artwork needs to include indigenous symbols and techniques to help tell the story. You might like to look at the panels outside the library for inspiration.

Due: Wednesday Week 4, Term 3. Hand in to Mrs Nosworthy in S Pod.

Size: A4 Poster

5/6 EVA practised some indigenous techniques and symbols that were represented in the story books read. They looked at famous indigenous artists and created their own dot paintings with a foot to represent standing up.

NAIDOC Week – Last Friday students wore an indigenous shirt to school. Below are some very proud Willows student's celebrating the end of our NAIDOC Week.

PBL Fortnightly Focus

The fortnight we will continue with the focus 'Get Up! Stand Up! Show Up!'

This week we continued to brainstorm ways that students can embody the theme both at school and home. Student's focussed on the resilience needed to achieve this.
